📍 Mirpur, Dhaka, Bangladesh
🌐 theobaidur.github.io

With over 13 years of experience in web design and development, I bring extensive technical proficiency in full stack web development, Microsoft Dynamics 365, and browser extension development. Skilled in JavaScript, TypeScript, React, Angular, Node.js, PHP, and open source solutions, my passion for technology drives a constant pursuit of new challenges in dynamic environments.

As a seasoned problem-solver, I have proven ability to manage complex projects and deliver results that meet the highest standards of technical excellence. Collaborative and team-oriented, I am dedicated to driving innovation and providing value to clients through the implementation of cutting-edge technology solutions. Given a challenge, I am confident in my ability to deliver results that exceed expectations and drive success.

WORK EXPERIENCE

Senior Power Platform Developer (Contract/Remote)

Modern IT, CA, USA | December 2023 - Present

At Modern IT, I am responsible for developing custom applications using Microsoft Power Platform. Also using my full stack development skills to develop custom applications using React, Nodejs, Expressjs, etc.

My responsibility at Modern IT were mainly,

- Develop applications using Microsoft Power Platform.
- Develop application using web technologies like React, Nodejs, Expressjs, etc.
- Used AI to develop custom applications to automate business processes.
- Improve business processes through automation and integration.

Software Engineer (Remote)

Concourse Federal Group, USA | June 2018 - Present

At Concourse Federal Group, I have the opportunity to lead a team of talented software developers and work on innovative technology solutions. Our focus is primarily on delivering solutions based on Microsoft Dynamics 365, while utilizing open source technologies like React, Angular, Node.js, Python, and PHP. I have a passion for staying ahead of the curve in technology and love to explore new and emerging technologies that can improve our solutions.

My responsibility at concourse were mainly,

- Lead a team of software developers in the development of Microsoft Dynamics 365 solutions and open source technologies such as React, Angular, Node.js, Python, PHP.
- Collaborate with clients to understand their business requirements and translate them into effective technology solutions.
- Utilize cloud platforms like AWS and Azure to host and deploy applications.
- Drive the adoption of best practices and emerging technologies to improve the quality and effectiveness of software solutions.
- Mentor junior developers and provide guidance on technical and career development.

Full Stack Web Developer (Freelance)

Upwork | Sept 2011 - Present

Working as a freelance web developer in my free time has been a valuable experience that has allowed me to continuously improve my skills and stay up to date with the latest technologies.

By taking on diverse projects, I am exposed to a wide range of technologies and problem-solving scenarios that challenge me to think creatively and outside of the box. This type of hands-on experience has helped me to expand my knowledge and develop a versatile skill set that I can bring to any project. Additionally, working independently as a freelancer has honed my time management and organizational skills, enabling me to manage multiple projects effectively and meet deadlines efficiently. Overall, this experience has been instrumental in shaping me into a well-rounded and proficient web developer.

TECHNICAL SKILLS

Languages

JavaScript (ES6+), TypeScript, PHP, SQL, HTML, CSS, Python, C#

- Mostly comfortable with JavaScript, TypeScript and PHP.
- Worked with Python and C# as well.
- Worked with SQL and NoSQL databases.
- Working with HTML and CSS for more than 10 years.

Full Stack Web Development

React, Angular, Vue.js, Node.js, Express.js, Laravel, Django, ASP.NET MVC, MySQL, PostgreSQL, MongoDB, Firebase,

- For frontend development, I mostly use React, Angular and Vue.js.
- For backend development, I mostly use Node.js and Laravel.
- For SQL databases, I mostly use MySQL. And for NoSQL databases, I mostly use Firebase.

Microsoft Dynamics 365

Microsoft Dynamics 365, SharePoint, Power Apps, Power BI, Power Automate, Model Driven Apps, Microsoft Teams,

- 5+ years of experience in Microsoft Dynamics 365
- Developed custom applications for popular Microsoft products like SharePoint, Teams, etc
- Developed custom control for Microsoft Power Platform using PowerApps Component Framework.
- Got Hands-on experience on Microsoft Power Automate, Power Bi, etc.

Browser Extension Development

Chrome Extension, Firefox Extension, Edge Extension,

- 7+ years of experience in browser extension development.
- Developed extensions for in house use and for the public.
- Published extensions on Chrome Web Store, Firefox Add-ons and Microsoft Edge Add-ons.

Cloud Technologies

Azure, AWS, Digital Ocean,

- 4+ years of experience in cloud technologies.
- Deployed applications on Azure, AWS and Digital Ocean.
- Developed and deployed serverless applications using Azure Functions, Aws Lambda
- Developed custom storage solutions using Azure Blob Storage, AWS S3, Digital Ocean Spaces.

App Development

HyBrid Mobile App, Desktop App, Progressive Web App,

- Hands on experience in developing hybrid mobile apps using Ionic, Angular, ReactNative, etc.
- Developed desktop apps using Electron and other web technologies.
- Developed Progressive Web Apps using React, Angular, Vue, etc.

Others

Git, GitHub, BitBucket, CI/CD, Figma, Adobe Photoshop,

- I use Git for version control and GitHub, BitBucket, Azure DevOps for code hosting.
- I use Figma for designing and Adobe Photoshop for editing images.
- Have experience in setting up CI/CD pipelines using Azure DevOps, Github Actions, etc.

EDUCATION

Master of Computer Science

2019 - 2020

Jahangirnagar University

- Savar, Dhaka, Bangladesh

Bachelor of Computer Science and Engineering

2012 - 2016

University of Asia Pacific

- Dhaka, Bangladesh

LANGUAGES

Bangla

Native

Speaking, Reading, Writing, Listening

English

Speaking, Reading, Writing, Listening
